- Teacher portal keeps tabs on classroom materials

Connected

- Whole-school rostering promotes interdisciplinary learning
- Seamlessly interweave library, classroom, and extracurricular content
- Multimedia searching across print, digital, and database resources

Comprehensive

- Complementary SIS and SSO integration
- Aggregated dashboard, live analytics
- Centralized reporting
- Custom templates for non-book items

MackinVision STAR

Engage Readers of All Ages With MackinVision STAR

Introducing MackinVision STAR, an innovative platform tailored for readers seeking an easy-to-navigate, visually engaging learning experience.

Simple and Visual

STAR is a simplified interface with picture-based searching designed to support new and striving readers.

Gamification

Incorporates an extensive selection of avatars and backgrounds to appeal to different age groups.

Customizable

STAR enables users to change color themes and customize their learning environment.

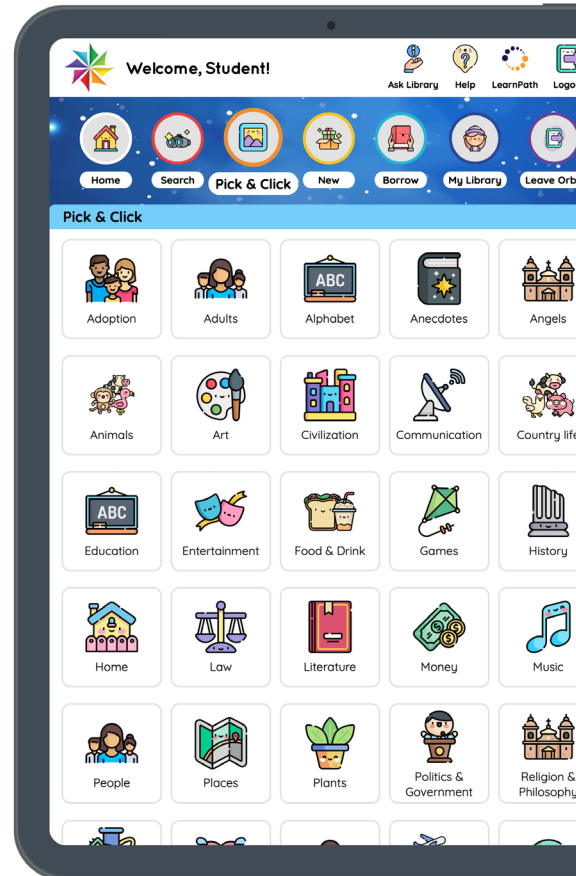

Mobile Friendly

Offers the latest generation technology and has been developed from the ground up for tablets and mobile devices.

Attractive Interface

Manages print and digital resources, reading lists, book reviews, important reminders, and more.

MackinVision LearnPath

Set Your Students On the Right Path to Learning Excellence

With LearnPath integrated into your MackinVision, students and staff have access to pages tailored to curriculum, clubs, and interests. This allows for information to be organized and assembled in an easily accessible format, specific to the student's individual needs.

One-Stop Shop

A dedicated location to guide students to relevant, high-quality learning resources on a specific subject or topic.

Access

Immediate access to an extensive library of ready-made content pages produced by experienced teachers and librarians.

Collaboration

Ability to collaborate and share content between LearnPath users.

Expertise

Leverage the expertise of your library staff and educators to maximize the use of your resources.
